Ok thanks, it is just an odd piece of information to ask for given the scope of the entire case which raised my eyebrows a bit. This info is not something I would normally have in my file to address if it came up in court.

If it was something that was being disclosed to the defense attorney in advance of trial then I would feel compelled to inform the ADA (Jeremy Beth Kusmin) that I provided that information.

Thanks Betsy. This information is going to Natalie Monroe, at the AG's office. She is helping our legal department address the subpoena I received.

Hi there,

I am attaching a copy of the police pickup sheet for 10-06-2005. I was the custodial chemist on this case and performed all of the preliminary testing on 9-26-05, GC/MS testing was completed on 9-29-2005.

I must document your request for these records and where the information is being sent would be helpful, especially if it is being sent out to a third party.

Thanks,

Betsy
